COLOR-IN

INTENSE-LUMINOUS-VIBRANT

COLOR-IN: natural and delicate

COLOR IN is an ammonia-free permanent hair color that combines effectiveness with respect for the hair. Enriched with plant-derived ingredients, it ensures full coverage of gray hair, a natural result, and lightening up to 3 shades, while maintaining comfort and protection for the scalp and hair fiber.

Permanent oxidative coloring without ammonia

VEGETABLE KERATIN

Vegetable keratin with hydrolyzed hemp and rice proteins, obtained through innovative processing methods. It gives hair greater strength and elasticity, making it less prone to breakage.

AMMONIA, PPD & RESORCIN FREE

More comfort to hair and scalp!

100% GREY HAIR COVERAGE

highlight color retention, resistance to fading

COLOR LIGHTENED UP TO 3 SHADES.

Maintains the integrity of the hair structure

even when lightening.

Available in 100 ml tubes. Mix at 1:1.5 ratio

COLOR DEVELOPER

PROFESSIONAL OXIDIZING EMULSION

Hydrogen peroxide-based hair oxidizing emulsion at 12%, specifically designed for professional use. It ensures effective performance while complying with safety standards: avoid contact with eyes, use protective gloves, and store away from light and heat.

Available in 10-20-30-40 vol. , 1000ml

DECOLOR-IN

Grey & Black Bleaching Powder

Bleaching Powder with Perilla Oil and gray-black pigment . It contrasts the warm orange and yellow undertones that emerge during the lightening, creating a more neutralized background than the standard. It lightens up to 8 tones, guaranteeing protection and respect for the hair fiber. Elastic texture suitable for all lightening techniques.

500 g

PROFESSIONAL TRAINING AND SUPPORT IN THE WORLD OF COLOR

We offer structured training programs and customized courses dedicated to the world of hair color, designed for a comprehensive understanding of COLOR IN usage and the development of increasingly advanced technical skills. Our programs enable mastery of various application techniques, color management, and result customization, meeting the needs of the modern salon.

We provide highly qualified and ongoing technical support, tailored to assist professionals at every stage of the work, from consultation to final results. The goal is to ensure operational safety, precision, and top performance, maximizing the value of every color service.

Activities take place at our multifunctional "Beauty and Wellness" center, a space dedicated to professional training, exchange, and continuous updates in the hair color sector.
